

FinXTech Connect Executive Briefings:

Integrate and Reach Customers with Developer-Friendly Tools

Peter Glyman
Jack Henry & Associates, Inc.

FinXTech.

Brought to you by: **Bank**Director.

#FXT23

The background is a solid dark blue color. It features a central composition of overlapping light blue circles and two vertical light blue lines. The circles are arranged in a way that they overlap each other and the vertical lines, creating a complex geometric pattern. The text 'Jackhenry.dev' is centered horizontally and vertically within this pattern.

Jackhenry.dev

"Our typical implementation is about three months, and it is not that complicated," says Peter Glyman, president and co-founder of Geezeo.

American Banker 2011

Who was I kidding?

"Our typical implementation is about three months, and it is not that complicated," says Peter Glyman, president and co-founder of Geezeo.

American Banker 2011

This guy!

"Our typical implementation is about three months, and it is not that complicated," says Peter Glyman, president and co-founder of Geezeo.

Developer first approach

Unifimoney

“There’s a very small number of technology providers that get it and a large number that try to get it ... Jack Henry is the pinnacle of providers that get it,” Ed Cortis, CTO

Plinqit

“The integration process was seamless, and the documentation provided by Jack Henry was comprehensive and easy to understand – which made all the difference,” ~ Brian Matteson, Director of Development
