# Bank Director. Strong Board. Strong Bank.

A COMPREHENSIVE BANKI NG PROGRAM FOR THE FULLY ENGAGED BOARD

# INDUSTRY LEADER

Since 1991, Bank Director has been the go-to source for members of the boards of financial institutions. Through *Bank Director* magazine, through conferences and peer forums held across the country, and through the industry leading BankDirector.com online resources, those board members who have chosen to stay on top of industry trends and changes — and who seek excellence in their role as directors — have had the tools to do so.

# STRONG SOLUTION

In response to the mounting pressures placed on the banking community, Bank Director has created a board program that provides your bank a road map to growth as you plan for the future.

This annual program combines Bank Director's conferences, our quarterly publication, director training videos, our online library of exclusive articles, board performance survey tool, board structure guidelines and access to vetted technology companies who are strategically partnering with financial institutions. It's not a one-time learning opportunity, but rather an ongoing collection of resources.

In addition, Bank Director has a dedicated team to assist you and your board — whether it be on-boarding, online training, or virtual meetings — our team is here to work with you and your bank based upon your specific needs.

### BANK DI RECTOR MAGAZI NE Guided By One Principle: Strong Boards Build Strong Banks

*Bank Director* magazine focuses on issues fundamental to a bank's CEO, senior leadership team, chair and independent directors. Published quarterly, each issue is mailed directly to your directors' home or business address.

No other publication of any kind reaches as many directors, and no other publication is edited specifically for the board members of financial institutions.

# BANK DI RECTOR CONFERENCES Built For Banks

Directors from each bank participating in the program can receive \$500 off of the standard individual rate to each of our conferences. This allows all participants to attend at an exclusive rate, not given to others.

We realize it isn't possible for all of a bank's directors and committee members to attend every Bank Director conference. Since each conference generates materials useful to all board members, after each conference program participants gain access to copies of materials presented at the event.

### Virtual Peer Exchanges

In addition to our in-person conferences, Bank Director has added exclusive, virtual peer exchanges to our program. Attendance to peer exchanges is limited and free to all participating program banks. (Asset size and title may apply and will vary based on subject matter.)

# NEW DI RECTOR TRAI NI NG & ONBOARDI NG A Resource Guide for New Directors

Onboarding a new director is a critically important process for the board of directors, and yet it is a process that has not been standardized at most banks in part because it happens so infrequently. And yet the orientation of a new director is much too important to be handled in a casual manner.

As part of Bank Director's board program we offer a New Director Training & Onboarding Resource Guide which provides an onboarding blueprint for new directors that breaks the orientation process down into five separate categories: 1) the bank's operations, markets and management team; 2) financial metrics specific to banking that every director needs to understand; 3) an overview of the banking industry; 4) regulations; 5) and integrating a new director into the business and culture of the board.

In addition, the New Director Training & Onboarding Resource Guide includes an onboarding checklist that outlines in greater detail a structured orientation program for new directors.
