

## FX Payments

# Transform your customers' growing international commerce needs into new income

Create stronger customer relationships and engagement by allowing your customers to make real-time FX International Payments.

## Going international is easier than you think

Derivative Path FX Payments is a tech-light, integrated solution that transforms a perceived cost-center into a revenue generator

### Increase your non-interest income

Bring FX capabilities in-house to help generate additional revenue streams. Gain more control with pre-agreed FX spreads and the ability to set your own markups at the customer level.

### Maintain customer trust in your brand

Customize our white-labeled end user solution with your brand to ensure trust and confidence. Customers won't second-guess who they are doing business with.

### Quick implementation & onboarding

Our low-code solution doesn't rely on your overtaxed development teams. Manage customer beneficiaries, configure payment limits, and more.

Simple, self-service payments interface

Live, competitive currency conversions & rates

Customers see real-time statuses of payments

Automated access to robust FX liquidity

Payment visibility across internal teams

Reduce customer support calls and emails

# Bring your business into the future with Derivative Path—the new home for derivatives and FX
